Good to speak with you on Monday.

I have reviewed the **Quarterly Progress Report** for the referenced project for the period ending **06/30/2017**. This Report is acceptable to EDA.

Please remember that the **Evidence of Good Title** and **Project Inspection Agreement** special award conditions must be satisfied prior to the initial disbursement of EDA funding. Further, the **U.S. Army Corps of Engineers** special award condition must be satisfied prior to the advertisement for construction bids, and the **State Historic Preservation Officer**, the **Regional Water Quality Control Board** and the **Possible Contamination** special award conditions must be satisfied prior to the start of construction activity for this project. Finally, the **Property Management Standards, Master Lease Agreement**, and **Companion Project** special award conditions must be satisfied prior to the final disbursement of EDA funding.

Please contact me if you should have any questions.
